Work Experience

UX Designer
Government of Ontario
Guelph, ON
May, 2022 - August 2023

I am currently completing a 16-month co-op term which I chose to apply to through Wilfrid Laurier University. I am a UX designer for the Government of Ontario where I have been placed on multiple projects to assist with UX-related work. I have gained and continue to gain experience with conducting user testing and prototyping, among other tasks.

UX Designer
Waterloo Region Suicide Prevention Council
Waterloo, ON
May - July 2021

I was tasked with re-designing a more user-friendly website for the organization. I employed my research and communication skills to conduct user testing and present findings to staff. Furthermore, I used my web design skills, including HTML and CSS, to edit the website using Wordpress.
